

# William FLORENTIN

ESGI Student

## ABOUT ME

ESGI student in the 75. I am looking for an internship in an IT company specializing in the Web or a company with a large IT department. Appreciating the universe of technical and IT professions, I hope to find a 2-month internship in my branch as soon as possible.

## EDUCATION

### Engineering School (2020 - 2025)

ESGI – Paris 75 (12<sup>th</sup> dist)

1<sup>st</sup> year successfully completed.

I am currently in 2nd year at ESGI.

My end-of-year project was to create a site for the sale of services between individuals (code available on my Github).

### Technical High School (2016 - 2020)

Lycée Jean Moulin – Les Andelys 27

2nd General.

1st and Terminale STI2D - Class delegate.

My EE project consists of making an autumn directional sign, also called **E-Sign**. The purpose of this project was to facilitate access to visitors to our establishment. I chose the solar panels to use in line with the specifications validated by the group. I created a code on **ARDUINO** to control the orientation of the arrow and to follow the panel's consumption balance.
